# LUKOIL GENESIS SPECIAL C2 5W-30

Version 2.0	Revision Date: 08.09.2017	Date of last issue: 13.03.2015 Date of first issue: 13.03.2015
SECTION 1: Identification of the substance/mixture and of the company/undertaking		
1.1 Product identifier		
Trade name	: LUKOIL GENESIS SP	PECIAL C2 5W-30
Product code	: 563107	
1.2 Relevant identified uses of	the substance or mixture a	and uses advised against
Use of the Sub- stance/Mixture	: Engine oil	
1.3 Details of the supplier of t	the safety data sheet	
Company	<ul> <li>LUKOIL Lubricants Eu Ölhafen Lobau – Ufers 1220 Wien Austria</li> </ul>	
Telephone Responsible/issuing person	: +43 (1) 205 222 - 880 : info.product-safety@lu	
1.4 Emergency telephone nur	mber	
Telephone	: +43 (1) 205 222 - 880 (5d/08:00 - 17:00)	00

### **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Not a hazardous substance or mixture.

#### 2.2 Label elements

#### Labelling (REGULATION (EC) No 1272/2008)

Not a hazardous substance or mixture.

Precautionary statements	:	Disposal:
		P501 Dispose of contents/ container to an approved waste disposal plant.

### Additional Labelling

EUH210 EUH208	Safety data sheet available on request.
EUH208	Contains C14-16-18 Alkyl phenol. May produce an allergic reaction.

# LUKOIL GENESIS SPECIAL C2 5W-30

Version	Revision Date:	Date of last issue: 13.03.2015
2.0	08.09.2017	Date of first issue: 13.03.2015

#### 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Material can create slippery conditions.

### **SECTION 3: Composition/information on ingredients**

#### 3.2 Mixtures

Chemical nature

: Mixture Hydrocarbons Additives

#### Hazardous components

### **SECTION 4: First aid measures**

#### 4.1 Description of first aid measures

GB / EN		2 / 17
In case of skin contact	:	Wash skin thoroughly with soap and water or use recognized skin cleanser. If on clothes, remove clothes.
If inhaled	:	If breathed in, move person into fresh air. Move to fresh air in case of accidental inhalation of vapours.
General advice	:	First aider needs to protect himself.

according to Regulation (EC) No. 1907/2006

# LUKOIL GENESIS SPECIAL C2 5W-30

Version 2.0	Revision Date: 08.09.2017	Date of last issue: 13.03.2015 Date of first issue: 13.03.2015
In case of eye contact	minutes, holding the Keep eye wide open	
If swallowed	: Do NOT induce vomi Obtain medical atten When symptoms per advice.	-
4.2 Most important symptoms	and effects. both acute ar	nd delaved
Symptoms	: Gastrointestinal disco Stomach/intestinal di Vomiting Pneumonia irritant effects	omfort
Risks		ion. ing the lungs on vomiting after ingestion. e pulmonary oedema and pneumonitis.
4.3 Indication of any immediate	e medical attention and sr	pecial treatment needed
Treatment	-	umonia and lung oedema.
SECTION 5: Firefighting me	asures	
5.1 Extinguishing media		
Suitable extinguishing media	a : Dry powder Foam Carbon dioxide (CO2	2)
Unsuitable extinguishing media	: High volume water je	et

Specific hazards during fire- : fighting	:	Vapours are heavier than air and may spread along floors. Vapours may form explosive mixtures with air. Cool closed containers exposed to fire with water spray.
5.3 Advice for firefighters		
Special protective equipment : for firefighters	:	In the event of fire, wear self-contained breathing apparatus. Extinguishing media - large fires Complete suit protecting

against chemicals

Further information : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.

according to Regulation (EC) No. 1907/2006

### **SECTION 6:** Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions	: Keep people away from and upwind of spill/leak.
	Use personal protective equipment.
	First aider needs to protect himself.
	Avoid contact with skin, eyes and clothing.
	Ensure adequate ventilation, especially in confined areas.
	The danger areas must be delimited and identified using rele- vant warning and safety signs.
	Refer to section 15 for specific national regulation.

### 6.2 Environmental precautions

Environmental precautions	<ul> <li>Prevent further leakage or spillage. Avoid subsoil penetration. Do not contaminate water. Prevent product from entering drains. Local authorities should be advised if significant spillages cannot be contained.</li> </ul>
---------------------------	---

### 6.3 Methods and material for containment and cleaning up

Methods for cleaning up	:	Use mechanical handling equipment.
		Soak up with oil absorbent material.
		Offer surplus and non-recyclable solutions to a licensed dis-
		posal company.

#### 6.4 Reference to other sections

For personal protection see section 8.

### **SECTION 7: Handling and storage**

### 7.1 Precautions for safe handling

Advice on safe handling	:	<ul> <li>Take care to avoid waste and spillage when weighing, loading and mixing the product.</li> <li>Avoid formation of aerosol.</li> <li>Use only in area provided with appropriate exhaust ventilation.</li> <li>Provide exhaust ventilation close to floor level.</li> <li>Do not get on skin or clothing.</li> <li>Avoid inhalation, ingestion and contact with skin and eyes.</li> </ul>
Advice on protection against fire and explosion	:	To avoid ignition of vapours by static electricity discharge, all metal parts of the equipment must be grounded. Vapours are heavier than air and may spread along floors. Vapours may form explosive mixtures with air. Take measures to prevent the build up of electrostatic charge. Keep away from heat and sources of ignition. Keep in a bunded area. Do not smoke.
Hygiene measures	:	Remove all contaminated clothing under the shower. Wash contaminated clothing before re-use. Do not get in eyes.

Other data	: Keep away from direct sur	nlight.
7.3 Specific end use(s)		
Specific use(s)	: For further information, ref sheet.	er to the product technical data

### **SECTION 8: Exposure controls/personal protection**

### 8.1 Control parameters

Contains no substances with occupational exposure limit values.

### Derived No Effect Level (DNEL) according to Regulation (EC) No. 1907/2006:

Substance name	End Use	Exposure routes	Potential health effects	Value
bis(nonylphenyl)ami	Workers	Skin contact	Long-term systemic effects	0,62 mg/kg
ne				
	Workers	Inhalation	Long-term systemic effects	4,37 mg/m3
	Consumers	Skin contact	Long-term systemic effects	0,31 mg/kg
	Consumers	Inhalation	Long-term systemic effects	1,09 mg/m3
	Consumers	Ingestion	Long-term systemic effects	0,31 mg/kg

### Predicted No Effect Concentration (PNEC) according to Regulation (EC) No. 1907/2006:

Substance name	Environmental Compartment	Value
bis(nonylphenyl)amine	Fresh water	0,1 mg/l
	Marine water	0,01 mg/l
	Intermittent use/release	1 mg/l
	Sewage treatment plant	1 mg/l

according to Regulation (EC) No. 1907/2006

Version 2.0	Revision Date: 08.09.2017	Date of last issue: 13.03.2015 Date of first issue: 13.03.2015

Molecular weight	: No data available	
Self-ignition	:	

### **SECTION 10: Stability and reactivity**

#### 10.1 Reactivity

The product is chemically stable.

#### 10.2 Chemical stability

The product is chemically stable.

### 10.3 Possibility of hazardous reactions

Hazardous reactions : Incompatible with strong acids and oxidizing agents.

according to Regulation (EC) No. 1907/2006
