

MC 2215M1-2 Lubricating Grease

Product Description :

MC 2215M1-2 is multi-purpose lubricating grease. This product contains highly refined oils and performance additives. MC 2215M1-2 is excellent for multi-purpose applications that require extreme pressure agents.

Typical Specifications :

Code.....	MC 2215M1-2
NLGI Grade.....	2
Soap Type.....	Lithium/Mixed Base
Texture.....	Smooth, Buttery
Color.....	Gray/Black
Soap Content %(wt).....	7 - 10
Worked Penetration @77°F, ASTM D-217.....	265 - 295
Dropping Point, (°F), Min, ASTM D-2265.....	350
Molybenum Disulfide.....	1%
Water Washout, 175°F, Max.....	15%
Timken OK Load, Pounds, ASTM D-2509.....	30
Four-Ball Wear, Scar Dia, mm, ASTM D-2266.....	0.60
Base Oil :	
Pour Point °F(°C), ASTM D-97.....	0 (-18)
Viscosity @100°C, cSt.....	10.0 - 12.5
Viscosity @40°C, cSt.....	113 - 165
Viscosity @210°F, SUS.....	60 - 70
Viscosity @100°F, SUS.....	600 - 884
Viscosity Index, Min.....	50
