

febi

Tip

Saving warehouse space and avoiding time spent looking for colours, connections and turns: the febi air spiral in four and five metre lengths. Two major talents for all standard commercial vehicles.

Black air spiral with black anti-kink protection, M 18 x 1.5 union nuts on both sides

1 reduction of M 18 x 1.5 to M 22 x 1.5

1 extension of M 18 x 1.5 to M 22 x 1.5

febi no. 24246 with an total working length of four metres

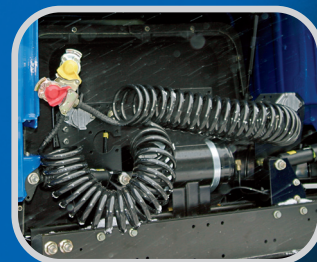

febi Nr. 22123 with a total working length of five metres

Both air spirals replace over 40 references and help make better use of existing warehouse capacity.

Naturally we offer suitable hose couplings and threaded end pieces.

Contact your febi partner for febi bilstein spare parts.

You can also find all our spare parts at www.febi.com.
