## Attention!

The outer diameter has changed on front wheel hubs suitable for all Opel Astra G / Zafira A models with five hole rims and ABS.

## Opel Astra G / Zafira A front wheel hubs

Version with new cap

febi no. 24164 comp. no. 1603 211 S1

Version without cap

febi no. 14623 comp. no. 1603 211 SK

The external diameter of the wheel hub in the cap receptacle is now 57mm instead of 47mm. The old cap can therefore no longer be used.

febi bilstein already offers the current wheel hubs models – with and without a cap.
