

Blue Print Top Tip

Jaguar S-Type / XF / XJ 350 - Coolant Expansion Tank Replacement

Applicable References: ADJ139801

Applications: 2.5 V6, 3.0 V6, 4.2 V8 Petrol, 05/1999>

Date Issued: 06/2014

On the above models, the engine coolant expansion tank is prone to cracking and fails around the joint between the upper and lower sections. Blue Print supplies a coolant expansion tank with an upgraded joint to prevent future premature failure. **(BP Part No. ADJ139801)**

ADJ139801

On replacement of the expansion tank, top up with the correct coolant and check for leaks from the coolant hoses after refitting and ensure you connect the level sensor.
