

Alfa Romeo/Fiat - Part Number Identification

The information required to successfully identify the correct clutch components is NOT on VRM systems.

To identify the correct clutch parts you will need the “**Version**” and “**Motor**” Numbers.

These are located on a VIN plate which is generally located under the bonnet

- Example shown is Alfa Romeo 156 JTD.
- Motor Number 839A6000
- Version Number 932A1B00

Using the “**Version**” and “**Motor**” Numbers, you should be able to select the correct combination – for further assistance call the LuK Technical Hotline on 08457 001100.
